The Architecture of Happiness - Alain de Botton

The Achitecture of Happiness is a dazzling and generously illustrated journey through the philosophy and psychology of architecture and the indelible connection between our identities and our locations. One of the great but often unmentioned causes of both happiness and misery is the quality of our environment: the kinds of walls, chairs, buildings, and streets that surround us.

The Architecture of Happiness : Alain de Botton ...

The Architecture of Happiness marks a return to what Alain does best - taking on a subject whose allure is at once tantalizing and a little forbidding and offering to readers a completely beguiling and original exploration of the subject. As he did with Proust, philosophy, and travel, now he does with architecture.

The Architecture of Happiness book by Botton, Alain De

The Architecture of Happiness is a book by Alain de Botton ( ISBN 978-0241142486) which discusses the importance of beauty, published by Pantheon Books in 2006. De Botton, inspired by Stendhal 's motto "beauty is the promise of happiness," analyzes human surroundings and how human needs and desires manifest their ideals in architecture.

The Architecture of Happiness: Amazon.co.uk: Alain de ...

The Architecture of Happiness Extract A concern for architecture has never been free from a degree of suspicion. Doubts have been raised about the subject's seriousness, its moral worth and its cost. A thought-provoking number of the world's most intelligent people have disdained any interest in decoration and design, equating contentment with discarnate and invisible matters instead. The ...

The Architecture of Happiness by Alain de Botton ...

The Architecture of Happiness is an interesting book about architecture which - while not making any bold claims or putting forward any wild new theory - does a good job at elegantly polishing the history of architectural development.

The Architecture of Happiness: Alain De Botton ...

The Architecture of Happiness. One of the great, but often unmentioned, causes of both happiness and misery is the quality of our environment: the kind of walls, chairs, buildings and streets we're surrounded by. And yet a concern for architecture and design is too often described as frivolous, even self-indulgent.
