Sacred Texts contains the web's largest collection of free books about religion, mythology, folklore and the esoteric in general.

The Art Of Interactive Design

The Art of Interactive Design was the sleeper of the year for me. I'm surprised it hasn't created more of a splash. Perhaps it's because it's published by a lesser known publisher and it doesn't fit the standard format of most usability or GUI books. It doesn't, for instance, include

viewers participate in some way by providing an input in order to determine the outcome. Unlike traditional art forms wherein the interaction of the spectator is merely a mental event, interactivity allows for various types of navigation, assembly, and/or contribution to an artwork, which goes far beyond purely psychological activity.
