Editions of The Art of the Catapult: Build Greek Ballistae ...

Philo of Byzantium provides probably the most detailed account on the establishment of a theory of belopoietics (belos = "projectile"; poi = "(art) of making") circa 200 BC. The central principle to this theory was that "all parts of a catapult, including the weight or length of projectile, were proportional to the size of the torsion springs".

The Art of the Catapult: Build Greek Ballistae, Roman ...

The Art of the Catapult followed – Tom was definitely in school today; he took the dog-eared, also creepily stained how-to project book with him everywhere he went, like some stupid security blanket – and finally spotted what she was looking for. Johanna carefully extricated the English textbook, swooped up in one fluid move, and ran into ...
