### Growing Potatoes Organically

Dr. Rommens's GMO potatoes (which he calls in the book "Pandora's Potatoes") have been commercialized in the US and Japan, under names such as Innate, Hibernate, and White Russet. They are also approved in Canada but as of October 2018 are not being sold there. They were engineered to be resistant to bruising.

### Genetic Engineer Renounces His GMO Potatoes - GMO Science

To demonstrate the production and profitability of commercial organic potatoes, the research team used two 25- to 30-acre potato fields in Coloma, Wisconsin. The researchers wanted not only to demonstrate commercial organic potato production, but also to determine crop rotation systems best suited to potato production.

### The Health Risks of Eating Conventionally-Grown Potatoes

I've made it twice so far and every time the potatoes were still half raw. I used an organic salsa from a shop but other than that the same ingredients and measurements. My sauce was not runny like you describe, so I added more water, but it would have needed lots of water to make it runny. Still to little liquid for the potatoes to cook, maybe?

### Vegan Scalloped Potatoes - The Vegan 8

For a gas grill, preheat the grill. Reduce heat to medium. Place foil packet on grill rack over heat. Cover and grill for 30 to 40 minutes or until potatoes are tender, turning packet every 10 minutes. For a charcoal grill, place packet over medium coals for the same amount of time.
