Excellent book and a fine complement to the Cartoon Guide to Physics and the Cartoon Guide to Chemistry by the same author. I did not purchase the Kindle version, so I can't answer for the negative experience those readers have had. If you're buying the print version, this is a great book which comprehensively and accessibly breaks down a ...

The Cartoon Guide To Chemistry

Make no mistake, The Cartoon Guide To Chemistry gives you a full introductory (and then some) science textbook lesson in the danger, fun, and wonder of chemistry, but all without the aridly pedantic, tedious wording. There are a few moments where Gonick and Criddle get a little too cutesy with the humor, but the book is never overwhelmed by them.

The Cartoon Guide to Chemistry - Larry Gonick - Paperback

The Cartoon Guide to Chemistry teaches most of the important topics of introductory chemistry without stinting some of the more challenging stuff (such as equilibrium, electrochemistry, thermochemistry, and chemical kinetics). The subjects are treated with humor, but the science is correct and the attitude is wonderfully light-hearted.
