capitalism | Definition, History, & Facts | Britannica

The development of a merchant class was a consequence of the emergence of commercial capitalism. The increasing power of this class lay challenge to both the existing ruling class, the land-owning feudal lords, and to the social order underpinning it.

The Development And Growth Of Capitalism

Capitalism is a world system in which we live in, and that countries are included globally. The spread of globalization has increased the spread of capital, and thus prompted a world system of capitalism, where economies are shared and trade is open. However this is a global system, how does this relate to development?

Lenin: 1899: The Development of Capitalism in Russia

Capitalism 3.0. This leads us to the most current form of Capitalism, Finance Capitalism. This type of economic system isn't based on producing physical goods like Capitalism 2.0, rather it relies on the sale of financial products and services to create profits.
