Defense Mechanisms - Changing minds

In the first definitive book on defence mechanisms, *The Ego and the Mechanisms of Defence* (1936), Anna Freud introduced the concept of signal anxiety; she stated that it was "not directly a conflicted instinctual tension but a signal occurring in the ego of an anticipated instinctual tension".

Defense Mechanisms | Simply Psychology

Ego Defense Mechanisms. According to Freud, we only have two drives; sex and aggression. In other words, everything we do is motivated by one of these two drives. Sex, also called Eros or the Life force, represents our drive to live, prosper, and produce offspring. Aggression, also called Thanatos or our Death force,...
