### SparkNotes: Presocratics: Study Guide

The first philosophers paved the way for the work of Plato and Aristotle - and hence for the whole of Western thought. Aristotle said that philosophy begins with wonder, and the first Western philosophers developed theories of the world which express simultaneously their sense of wonder and their intuition that the world should be comprehensible.

## **The First Philosophers: The Presocratics and Sophists by ...**

I originally read "The First Philosophers: The Presocratics and Sophists. Translated with Commentary" over a decade ago, shortly after it appeared in 2000; probably 2002-2003, since I also read Jonathan Barnes' "Early Greek Philosophy" (Penguin Classics, 1987, second edition 2002) at about the same time.

## **The First Philosophers The Presocratics**

The First Philosophers: The Presocratics and Sophists. Aristotle said that philosophy begins with wonder, and the first Western philosophers developed theories of the world which express simultaneously their sense of wonder and their intuition that the world should be comprehensible.

## **Presocratic Philosophy (Stanford Encyclopedia of Philosophy)**

The first heirs of the Presocratics were the Sophists, who lived and travelled around the Mediterranean, selling their skills, throughout the second half of the fifth century. Like the Presocratics, they came from all over the Greek world, but (as far as we can tell from our surviving Athenocentric evidence) the focus of their activities was Athens.

The First Philosophers: The Presocratics and Sophists. The first philosophers paved the way for the work of Plato and Aristotle - and hence for the whole of Western thought.

## **The First Philosophers: The Presocratics and Sophists ...**

Pre-Socratics, group of early Greek philosophers, most of whom were born before Socrates, whose

attention to questions about the origin and nature of the physical world has led to their being called cosmologists or naturalists. Among the most significant were the Milesians Thales, Anaximander, and Anaximenes,...

### **The First Philosophers The Presocratics and Sophists ...**

Long ago, some philosophers worked very hard to separate myths from what they actually knew about nature. Thales theorized that everything in the world is made of water. Pythagoras was a ...

### **The Presocratics: Crash Course History of Science #2**

Aristotle said that philosophy begins with wonder, and the first Western philosophers developed theories of the world which express simultaneously their sense of wonder and their intuition that the world should be comprehensible. But their enterprise was by no means limited to this proto-scientific task.

### **Pre-Socratics | Greek philosophy | Britannica**

The first pre-Socratic philosophers were from Miletus on the western coast of Anatolia. Thales (624-546 BC) is reputedly the father of Greek philosophy; he declared water to be the basis of all things. Next came Anaximander (610-546 BC), the first writer on philosophy.
