The Friendship Cure. Loneliness is more dangerous than smoking 15 cigarettes a day, and more closely linked to our mortality than obesity. This app is a space for people to connect. By allowing the user to filter possible friendship connections, they are able to find friends in their area who share similar interests.

### The Friendship Cure

The Friendship Cure is a worthwhile read not only for its message, but for the honesty in which K She strongly believes that building and maintaining friendships is vital for people's ongoing physical and mental health, rather than seeing friends as a distraction.

### The Friendship Cure: A Manifesto for Reconnecting in the ...

Journalist Kate Leaver believes that friendship is the essential cure for the modern malaise of solitude, ignorance, ill health and angst. If we only treated camaraderie as a social priority, it could affect everything from our physical health and emotional well-being to our capacity to find a home, keep a job, get married, stay married, succeed, feed and understand ourselves.

### The Friendship Cure: Reconnecting in the Modern World ...

[The Friendship Cure] traces friendship's curative nature through scientific research, psychotherapies, personal stories, and interviews with academics and everyday folks. . . . For overworked, stressed-out, lonely people, Leaver's book shows how friendship offers a safe place to be our real, fallible, even outlandishly weird selves and know that we're accepted and loved.
