The Goal PDF Summary - Eliyahu M. Goldratt | 12min Blog

The Goal summary. In any series of dependent events most people can only go as fast as the people in front of them. Because of this, your throughput is only the output of the final person / step in the process. Put the fat kid in front. Reverse the order so that the processes go from slow to fast. You have to optimize the whole system, not just a local process.

The Goal: A Process of Ongoing Improvement: Eliyahu M ...

The Goal is a management-oriented novel by Eliyahu M. Goldratt, a business consultant known for his theory of constraints, and Jeff Cox, a best selling author and co-author of multiple management-oriented novels. The Goal was originally published in 1984 and has since been revised and republished. This book can be used for case studies in operations management, with a focus geared towards the theory of constraints, bottlenecks and how to alleviate them, and applications of these concepts in real
