lectured extensively on technological civilization and the need for us to move from being a disrupting force on this earth to a benign presence. This transition is the Great Work of which he speaks. It is at the same time the most necessary and most a ennobling work we will undertake.

The Great Work: Our Way into the Future Essay Example ...

Each age has its "great work" according to Berry. The classical period introduced ideas of reason, democracy and philosophy into human consciousness. The medieval period raised great cathedrals, the age of discovery opened lines of travel and communication around the world, but our technological power and its impact on the environment has made a new "great work"
