There are an infinite number  
of causes behind smiling,  
and every individual will be

"amused" by different things  
as they go through life.

It's said that as children,  
we smile more than 300 times  
a day, but this drops to  
fewer than 20 smiles per day  
by the time we reach  
adulthood.

Once this information has been collected, brands can send tailored messages by gender, location, and even their relationship status. For example, the German fashion brand MCM utilized the power of sCRM for their pop-up shop in China. To identify the subscribers who might be interested in attending, the brand looked at their user's WeChat activities — clicks on articles from official WeChat accounts, their activity on Mini Programs, as well as transactions on WeChat e-commerce.
