Summary/Reviews: A Dictionary of biblical tradition in...  
However, since the firmament appeared to be curved, the heavenly waters were likely to pour off a dome-like surface and fall to the earth. With admirable ingenuity Basil suggested that the firmament, which appears hemispherical on the underside, may, like a building enclosing a dome-shaped bath, have a flat roof.

Celestial (comics) - Wikipedia  
It doesn't disprove the original quote at all.... If the dome was about 4 km high that means in about a few more km , they would hit the invisible barrier flat. If they did , they would have wrote it. I believe what is written in the encyclopedia is just a short of the Byrd diary.
