It must however be admitted, and will be seen, that the wise or unwise action of individual men has at certain periods had a great modifying influence upon the growth of sea power in the broad sense, which includes not only the military strength afloat, that rules the sea or any part of it by force of arms, but also the peaceful commerce and shipping from which alone a military fleet naturally and healthfully springs, and on which it securely rests.

The Influence of Sea Power upon History - Wikipedia

*The Influence of Sea Power upon History, 1660-1783* presents the argument that, despite great changes and scientific advances in naval weaponry, certain principles of naval strategy remain constant. Beginning in the time of Alexander the Great, those nations with strong commercial and military command of the seas were the nations of greatest strength, wealth, and power.
