Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

The LaTeX Companion ebook – TeX talk
The LaTeX Companion was my primary reference while teaching myself LaTeX over the course of two weekends. Normally I'd just find information on the web to learn a tool like this; for LaTeX, I think it was a good call to use the book.
