Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Moral reasoning - Wikipedia
This book presents the most plausible reading of Thomas Hobbes's moral and political theory based on his book, Leviathan. Hobbes constructs a political theory that bases unlimited political authority on unlimited individualism. The conclusion requires the premiss: anything less than unlimited individualism would justify only limited political authority.

Pursuing this logic, we test the prediction that moral judgments will be sensitive to the number of interested parties, in study 2a, and its interaction with the critical utility threshold, in study 2b and study 4. A second key question is precisely what "utility" people are concerned with.

The Moral Logic Of Survivor Guilt Flashcards | Quizlet
A common trait of many moral judgments is that they are formulated in purely deontic modality, that is, in the logic of duties alone. They are concerned only with what should be done, regardless of the logic of economics, or of what merely exists, or even of what will exist because of what (it may be asserted) must be done.

Instead of leading the people to a newer, better, and morally higher point of view, any leader worth his salt needs to understand the moral logic behind his views, articulate that moral logic and call the people to a higher standard. This is true not just of politicians. It is true of every single individual who has an alleged moral point of view.

The Moral Logic of Humanitarian Intervention | The New Yorker
Taking logic to include issues about meaning (which has commonly been done by those who refer to the so-called 'logic of moral discourse') is to construe the subject broadly. But the field of logic is often construed quite narrowly to refer to the study of formal languages whose syntax, axioms and inference rules are sufficiently determinate to allow decisions about what counts as the ...

The logic of universalization guides moral judgment | PNAS
Because moral logic is the language of the spiritual world, and to make use of moral logic is to begin a dialogue with the spiritual world. For the latter does not remain mute and indifferent when addressed in its own language. Ultimately, moral logic is the "logic of faith, i.e., thought which participates in revelation."
