The Master Switch The Rise

The Master Switch is brilliant, with a distinctive voice that comes through on every page.” —Josh Silverman, CEO, Skype “As a history lesson for anyone interested in how innovations move from inventors' garages and laboratories to our living rooms, The Master Switch is a good read, but it is its relevance to the evolution of the ...

Book Review - The Master Switch - By Tim Wu - The New York ...

Winner of the 2011 Business Book of the Year AwardThe Internet Age: on the face of it, an era of unprecedented freedom in both communication and culture. Yet in the past, each major new medium, from telephone to satellite television, has crested on a wave of similar idealistic optimism, before succumbing to the inevitable undertow of industrial consolidation.

Tim Wu - Wikipedia

Master Switch is a modern history book about the rise and fall of information and the technology (and people) that facilitated it. As a technologist I find it to be a required listen for anyone interested in technology and media with the hope that there are many lessons to learn.
