The New World Order (NWO) in  
conspiracy theories is the hypothesis of a  
secretly emerging totalitarian world  
government.. The common theme in  
conspiracy theories about a New World  
Order is that a secretive power elite with a  
globalist agenda is conspiring to  
eventually rule the world through an  
authoritarian world government—which  
will replace sovereign nation-states—and an

Büthe and Mattli offer both a new framework for understanding global private regulation and detailed empirical analyses of such regulation based on multi-country, multi-industry business surveys. They find that global rule making by technical experts is highly political, and that even though rule making has shifted to the international level, domestic institutions remain crucial.
