The Persuaders | FRONTLINE | PBS

The Hidden Persuaders was first published in 1957 and is one of the first popular books to describe the psychological techniques advertisers and marketers use to sell their wares. While these techniques have only become more sophisticated in the half century since the book was written, the themes are still highly relevant.

THE HIDDEN PERSUADERS

Vance Packard's book The Hidden Persuaders, about media manipulation in the 1950s, sold more than a million copies. In The Hidden Persuaders , first published in 1957, Packard explored advertisers' use of consumer motivational research and other psychological techniques, including depth psychology and subliminal tactics, to manipulate expectations and induce desire for products, particularly in the American postwar era.
