it should not be used to compare your store to other stores outside your industry. I often get asked, "What is the ideal profit margin for my store?" And that is an impossible question to answer across all retail.

Retailer Gross Profit Margin - The Balance Small Business
New Company vs. Mature Company. Of course, it depends on your field – but, in most cases, that's surprisingly not true. In the service and manufacturing industries, profit margins decrease as sales increase. The reason for that is simple. Businesses in these sectors may see a 40% margin until they hit around \$300,000 in annual sales.
