I was disappointed with this book which has mostly plagiarised the following works: The Russian System Guidebook, Let Every Breath, and the Systema Manual, books which the author claims to have consulted but has actually copied. There is some useful information in this book, but I wouldn't have purchased it if I knew how much information had been copied from other sources.

The Russian System Guidebook is a wealth of information it doesn't matter if you agree with what other people have posted or not. I recommend getting the book and reading and deciding for yourself. The book is not early depends on how you look at it. I'm in a hurry to make another tour soon so please point out spelling errors on the thread. Arts I want to master mine is spell-check.

The Russian System Guidebook Pdf at Manuals Library

Review: The Russian System Guidebook, by Vladimir Vasiliev (Interior Title: Inside Secrets of Soviet Special Forces Training by Vladimir Vasiliev with Ron Borland) This slim 59 page paperback from Optimum Training Systems (1997) has an interior title and authorship at odds with the title and author listed on the cover and so I assume it's a re-issue of an earlier book or pamphlet.
