Brynjolfsson and ...

“The Second Machine Age helps us all better understand the new age we are entering, an age in which by working with the machine we can unleash the full power of human ingenuity. This provocative book is both grounded and visionary, with highly approachable economic analyses that add depth to their vision. A must read.”

Summary of “The second machine age” - Of All ... - Medium

The Second Machine Age: Work, Progress, and Prosperity in a Time of Brilliant Technologies. Companies will be forced to transform or die. Recent economic indicators reflect this shift: fewer people are working, and wages are falling even as productivity and profits soar. Drawing on years of research and up-to-the-minute trends,...

The Second Machine Age (Audiobook) by Erik Brynjolfsson ...

The Second Machine Age is a celebration of the “bounty” that the exponential digitization capacity offers. However, Brynjolfsson and McAfee are also not afraid to point out the potential downsides to digitization, notably what the authors term “spread,” which is the “ever-bigger differences among people in economic success — in wealth, income, mobility and other important measures.”
