The Stories Of Ibis Hiroshi

The Stories of Ibis, written by Japanese novelist Hiroshi Yamamoto, is a book about robots. In a near future where robots have dominated the planet and built their own society, humans have become a minority, living precariously in small groups. Human civilization has collapsed, technology has regressed, and only a few people are literate.

review 1: This was a collection of seven short stories used to connect the overarching story about the rise of AI and decline of humanity as revealed by the android Ibis. The short stories were generally good, but "Black Hole Diver" was a cut above the rest. The final, and most important, short-story "AI's Story" would have rated higher, but it dragged on in the beginning.
