Substance over form is an accounting principle used "to ensure that financial statements give a complete, relevant, and accurate picture of transactions and events". If an entity practices the 'substance over form' concept, then the financial statements will show the overall financial reality of the entity (economic substance), rather than the legal form of transactions (form).

Style is outward form. Substance is
nothing without it. And, as Confucius said,
outward form leads to inward grace. A
person with style behaves a certain way, as
befits things of which he or she has the
proper measure.

The Substance of Style - Virginia Postrel -
Paperback

In changing minds, the substance approach focuses on functional value creation, pointing to action rather than talk and tangible benefits before beauty. It is associated with a management style that emphasizes solid delivery, and a sales approach that majors on value-creating features rather than aesthetics.
