### **The True Believer: Thoughts on the Nature of Mass ...**

Eric Hoffer was a San Francisco longshoreman who self-educated and left behind "The True Believer," an astonishingly insightful examination of the phenomenon of mass movements. Hoffer wrote the book in 1951, when two of the most malignant mass movements in human history, those that produced the Soviet Union and Nazi Germany, sprung up, and the writing reflects that to an extent.

The True Believer -- the first and most famous of his books -- was made into a bestseller when President Eisenhower cited it during one of the earliest television press conferences. Completely relevant and essential for understanding the world today, The True Believer is a visionary, highly provocative look into the mind of the fanatic and a penetrating study of how an individual becomes one. more

### **The True Believer - Wikipedia**

The true believer is apt to see himself as one of the chosen, the salt of the earth, the light of the world, a prince disguised in meekness, who is destined to inherit this earth and the kingdom of heaven, too.<sup>18</sup> He who is not of his faith is evil; he who will not listen shall perish.

### **The True Believer: Thoughts on the Nature of Mass ...**

Published in 1951, The True Believer detonated in the public mind almost immediately thanks in part to its subtitle: Thoughts on the Nature of Mass Movements. Recall that when it first appeared, the world was only six years past the demise of Nazi Germany, and communism had rapidly gained power as a global threat to freedom.
