Railways" - Facebook

Victorian trains and railways played a huge role in the Industrial Revolution and the enormous economic and social changes that took place during the Victorian era. Before rail travel, goods and

Online Library The Victorian Railway

materials were transported using canals and roads but these were too slow and ill-equipped to cope with the dramatic growth of British trade and industries.

Victorian Railways History Resources

Online Library The Victorian Railway

The Victorians developed the railway network from 500 miles of track to 7,000 miles by 1850. Isambard Kingdom Brunel finished building the Great Western Railway in 1851 at a cost of £6.5 million.
