TOFU: Definition: Tofu is made from soybeans, water and a coagulant, or curdling agent. It is high in protein and calcium and well known for its ability to absorb new flavors through spices and marinades. Due to its chameleon-like qualities and nutritional value, tofu, a staple of Asian cuisines for hundreds of years, has recently become popular in Western vegetarian cooking.

Cooking Book Review: Think Like a Chef by Tom Colicchio

Real cooking, Colicchio taught me in his book Think Like a Chef, isn't about learning to follow recipes to the letter, just like real art isn't created by following a paint-by-numbers coloring book. Get bogged down in the minutiae of a recipe, and you lose sight of what really matters: the food that results.
