Thud Pilots (2018) - IMDb

"Thud Pilot" tells the stories of the F-105 Thunderchief and the pilots who flew them during the Vietnam War. Like many films in this genre it tends to glamourize the aircraft and pilots. What sets it apart are the extended accounts by the pilots and of their experiences flying the Thuds in combat over Vietnam.

Many were made by general officers running the operational campaign, or by wing leaders, flight leaders or by individual pilots themselves, making bad decisions at the tactical level. It happened. The "human element", seen through the eyes of a young Captain fighter pilot, was for me, the great value in this book.

About - THUD PILOT

Four days after arriving in Thailand Karl flew his first mission over North Vietnam. Karl was one of those pilots who wanted to be in the air whenever possible. He quickly became an excellent Thud pilot despite his lack of previous experience in the cockpit. He would do anything he could, anytime he could.
