Under Seat Storage Bins . Once again Audi has left the North America market wanting these little items that where not available here. Luckily you can get all of these parts through your local dealer (I ordered mine through a dealer here in Canada without issue).

TTRS BBK Retrofit into S3

My alloys are dirtier now where the brakes vent out from their leading edge, but the brake discs are much cooler! These compared the the TT-RS ones have a smaller frontal area, so less drag, with an actual duct shape to trap & guide a smaller amount of air efficiently to the inner part of the rear of the brake disc where the inner disc vents are.
