Roswell High Series by Melinda Metz - Goodreads
Pursuit (2003) is a science fiction novel by authors Andy Mangels and Michael A. Martin which conclude the events of the television series Roswell. The series had ended in somewhat of a cliffhanger, with the main characters on the run from an evil subunit of the FBI. Pursuit and Turnabout conclude this story arc, although there are other plot elements that remain a possibility for future narratives.

Turnabout Roswell Series
Roswell has always been about isolation but it's a sort of isolation that we all feel. Personally, I feel that Turnabout, at times, used this metaphor in relation to homosexuality ONLY and I don't think that was fair. There's a brief mention of the isolation that "big people" feel and that was positive, but it seemed that the finger of blame ...

User Review - Flag as inappropriate I love this book. It gives a great end to the Roswell teens story that doesn't really leave you ask questions. I only wish they had made these books into a season 4 for the Roswell TV series on DVD after the third season but at least we can read these books to finish the story that season three left off with.

Is it true that these books are now pretty hard to find and way expensive? I was showing mine to another Roswell fan the other day and she looked at me like I was holding a bunch of diamonds. I was kind of surprised because I bought them at my local bookstore back when Roswell was still on (*sniff*) and they were only about \$5.99 or something.
