Twist of Faith is an omnibus collecting four Star Trek tie-in novels and a novella that continue the story of Deep Space 9 and its crew. In short: I loved this book. I'd wanted to read the beginnings of the DS9 relaunch for ages now and this omnibus edition was the perfect solution (as opposed to buying all the books separately).

Twist of Faith has great potential. I love books with unreliable narrators and twists and turns and constant surprises. Unfortunately, none of this works in this book. The 'twist' is ridiculous and requires complete suspension of belief. I did not buy the truth about Ava. Utter nonsense. I cannot think of a good thing to say about the book.
