If you own a small business, the biggest issue is being good at two different fronts - what is called hard and soft business, or as the author of this book describes, left and right brain activities. Left brain is more analytic and to develop a business, you need to have a plan, procedures, systems, and the ability to stick to them.

Account Login | Two-Brain Business  
It's not uncommon for a business owner to seek outside investors to infuse capital to help grow their business. Often this comes at the expense of selling a piece of the equity in the business and having a firm and defensible position on valuation can be hugely beneficial for your negotiation process.
