Type Matters! - Jim Williams - Google Books  
Jim Williams (analog designer) James M. Williams (April 14, 1948 – June 12, 2011) was an analog circuit designer and technical author who worked for the Massachusetts Institute of Technology (1968–1979), Philbrick, National Semiconductor (1979–1982) and Linear Technology Corporation (LTC) (1982–2011).

Type Matters! | Jim Williams | typetoken®  
Type Matters is intended as an introductory guide but there's something for every level of type user in this book (the reader's marks spread taught me some things I hadn't seen before) and it should be compulsory best practice reading for anyone studying or working in graphic design. Type does matter, it's the cornerstone of written communication, and Jim Williams' unassuming reference book is highly recommended.
