**Basics of Air Compressor Starting  
Silly question I know, but is the [...]**

**Reasons Air Compressor Won't  
Start - Fixing Compressor Not ...  
Right, and the reason why is  
because the turbine in design is the  
inversion of the compressor. The  
part that shoots out gas on the  
compressor is used as the inlet on  
the turbine, and the part that would  
be the inlet is also inverted, so the  
effect is the turbine works inverse  
to the compressor.**
