Genius is in the details Indeed, Rothko's paintings were more than just paintings. And in a way, they were even more than art. He lived them and wanted the viewers to fully immerse themselves in the space of his canvases. For the sake of this goal, he had no room for compromise when it came to their presentation. Galleries had to comply with all his requirements.

Portable art during the Upper Paleolithic period was necessarily small (in order to be portable) and consisted of either figurines or
decorated objects. These things were carved (from stone, bone, or antler) or modeled with clay. Most of the portable art from this
time was figurative, meaning it depicted something recognizable, whether animal or human in form.
