When Empower 2 was released in May 2005, USP had not yet defined any

s/n calculations. With USP 31 NF 26 (effective May 1, 2008 - April 30, 2009), there was no s/n formula in the guidelines. However, beginning with USP 32 NF 27 (effective May 1, 2009 -April 30, 2010), USP defined the s/n formula as $\frac{2H}{n}$

USP Reference Standards | USP
The United States Pharmacopeia (USP) was created nearly 200 years ago, dedicated to instilling trust where it matters most: in the medicines, supplements and foods people rely on for their health. The quality standards we develop help manufacturers deliver on their promises of safe products, while building confidence among healthcare practitioners, patients and consumers.

23-epi-26-Deoxyactein standard solutions- Dissolve an accurately weighed quantity of USP 23-epi-26-Deoxyactein RS in methanol with shaking for 1 minute. Dilute quantitatively, and stepwise if necessary, to obtain solutions having known concentrations of about 500, 100, 50, 25, and 12.5 µg per mL.

USP-NF | USP-NF
To confirm accuracy and reproducibility, USP Reference Standards are rigorously tested and evaluated by multiple independent laboratories including USP, commercial, regulatory, and academic labs. We also provide publicly available, official documentary standards for pharmaceutical ingredients in the USP-NF that link directly with our primary reference standards.

Use- To attain the degree of precision required in many Pharmacopoeial
assays involving volumetric measurements and directing that a quantity
be "accurately measured," the apparatus must be chosen and used with
care. A buret should be of such size that the titrant volume
represents not less than 30% of the nominal volume. Where less than 10
mL of titrant is to be measured, a 10-mL buret ...

Signal-to-Noise Values in Empower 3 - Waters Corporation

Citing the USP-NF is definitely tricky because it is a two-book
compilation (the United States Pharmacopoeia and the National
Formulary) of 4 volumes and AMA doesn't provide an example for this in
the Manual of Style, so we must improvise!
