Von Braun: Dreamer of Space, Engineer of War - Michael J ...

The exhaustive Von Braun: Dreamer of Space, Engineer of War is a fascinating study of the almost larger-than-life figure by extremely capable writer and historian Michael J. Neufeld. It is also a highly readable history of Weimar-era Berlin, WWII, the Space Race and the development of NASA with a lot of science thrown in. Crucial to Neufeld's portrait is the question of how much the Saturn V rocket creator might have known, done or condoned about the Nazi platform and the use of ...
