...

But it is still necessary to try to regulate the processes that lead to large wealth gaps. Large, maladaptive wealth gaps lead to systemic power abuses, which, given the capital's globalisation and the current state of our capitalist system, can lead to a total collapse, which would be followed by disasters of biblical proportions.

Financial crisis of 2007–2008 - Wikipedia

The French Revolution resulted from two state crises which emerged during the 1750s–80s, one constitutional and one financial, with the latter providing a 'tipping point' in 1788/89 when desperate action by government ministers backfired and unleashed a revolution against the 'Ancien Regime.' In addition to these, there was the growth of the bourgeoisie, a social order whose new wealth, power ...

have shaped the history of the United States, offering an extensive and in-depth critique of laissez-faire doctrine and a novel reformulation of the work of American System writers, Gibson traces America's rise to global supremacy.

Billionaires' wealth rises to \$10.2 trillion amid Covid crisis

The financial crisis of 2007–2008, also known as the global financial crisis (GFC), was a severe worldwide financial crisis. Excessive risk-taking by banks combined with the bursting of the United States housing bubble caused the values of securities tied to U.S. real estate to plummet, damaging financial institutions globally, culminating with the bankruptcy of Lehman Brothers on September ...
