Sextortion is a type of revenge porn that employs non-physical forms of coercion to extort sexual favors from the victim.

Sextortion refers to the broad category of sexual exploitation in which abuse of power is the means of coercion, as well as to the category of sexual exploitation in which threatened release of sexual images or information is the means of coercion.

Iriun

A webcam with a high resolution is a must. The lower the resolution, the grainier the image looks on the screen. Most modern webcams support only high-definition video capture. Look for a video capture resolution of at least 720p or higher. A 1080p webcam is better, and these are becoming more common and more affordable.

The scarier scam email I got said, in very very very broken English that took a while to piece together to figure out the gist: someone had called a hit on me and the emailer was to perform the hit.

Webcam Test

Blackmail scams are becoming a common trend among scammers. It's a fast-run scam that can lead to people losing thousands of dollars. The scam involves the victim being duped into stripping and acting in a sexual manner on webcam. The webcam footage is recorded and played back to the victim who sees himself acting inappropriately on video footage.
