Where Does Money Come From? - dummies

The basic analysis of Where Does Money Come From? is neither radical nor new. In fact, central banks around the world support the same description of where new money comes from. And yet many naturally resist the notion that private banks can really create money by simply making an entry in a ledger.

Where Does Money Come From

Central banks create money either by printing it or by buying bonds in the treasury market. When central banks buy bonds, they usually buy their own country's treasury bonds, and their purchases are made from banks that own bonds. The money from the central banks goes to the bank vaults, and becomes loan-making capital. When [...]
