Collecting Things  
A session collection holds the apps and desktops you want to make available to users. After you create the collection, publish it so users can access it. Before you create a collection, you need to decide what kind of collection you need: pooled desktop sessions or personal desktop sessions.

What Are Debt Collections and How Do They Affect You?  
Most of your collections should be dynamic, meaning that you tell Logos the type of books you want in the collection by establishing rules. When you purchase a book it is then automatically added to the collections where it meets the criteria you have established. But Logos also gives you the ability to add books as "exceptions", or you can create a totally static collection. For more on this, see A Rationale for Dynamic Collections.
