WIRED TO CREATE: Unraveling the mysteries of the creative mind Scott Barry Kaufman, Carolyn Gregoire [Penguin Group USA, 286 pages] If you consider yourself a creative person, maybe you've felt, at times, like you just might be from a different planet than the majority of people you encounter. Well, while you most likely aren't some sort of alien life form, you could be onto something with ...

Wired To Create Unraveling The

"Wired to Create is an exquisite tour through the science of that most prized but often frustratingly ineffable quality: creativity. By weaving research through portraits of the lives of great creators, Kaufman and Gregoire bring creativity into our grasp, and provide a rubric for how each of us can have more of it in our lives."
