It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's

no support for other
formats. There's also

Collection Creator - a

University
handy tool that lets

you collate several
pages, organize them,

and export them

together (again, in
PDF format). It's a

nice feature that

enables you to

customize your

reading material, but

it's a bit of a hassle,
